Call for abstracts

We are pleased to announce the Call for Abstracts for the Australasian College of Paramedicine's International Conference 2023 (ACPIC 2023). In 2023, we are excited to be delivering the conference in person in Melbourne. This is an in-depth comprehensive paramedic conference focusing on providing the education and research that paramedics need.

This year the conference will be held at the Crown Conference Centre from 13-15th September. The event will also be live-streamed. The conference will be attended by individuals and organisations with an interest in Paramedicine including paramedics and other health professionals, researchers, educators, leaders and administrators.

Abstract categories

You are invited to submit your abstract to be considered for one of the three *categories*:

1. *Oral presentation (12 minutes + 5 minutes for questions)*
2. *Poster presentation*
3. *Three Minute Thesis (3MT) presentation*

Abstract submission key dates

The timeline for your submission is as follows:

OPEN: Monday 3 April 2023. Abstracts can be submitted [here](#).

CLOSE: Friday 2 June 2023

Successful submissions will be notified Monday 3 July 2023.

Abstract submission information

In preparing your abstract, please consider the following:

- Abstracts will only be accepted through the [electronic abstract submission system](#).
- Abstracts will be assessed by the reviewer team and the scientific committee.
- The presenting author must be fully registered for the conference and willing to purchase a ticket to attend and present in person. For international abstract submitters, please get in touch with us if you are not able to present in person for this event.
- Accepted abstracts will be published in the College's Paramedicine journal.
- The three best oral presentation abstracts will be selected to present in the 'Best of the Best' session. The winner will be invited to present at the EMS999 conference in 2024.
- The Australasian College of Paramedicine wishes to support junior researchers and welcomes undergraduate and higher degree by research submissions including literature reviews.
- Postgraduate higher research degree students are encouraged to present their research in the 3MT category.

Submission Guidelines

- Abstracts should be no longer than 300 words (excluding title)
- The main text of the abstract must follow the structure: Title, Introduction, Aims, Methods, Results, and Conclusion.
- References are not required in the abstract.
- Do NOT include author/s names or affiliations as part of the submitted abstract as the review process is blinded.
- Literature reviews with a systematic methodology will be considered.
- Case studies, and research without final results will NOT be considered.
- 3MT submissions are welcome at any stage of thesis completion as long as some results are available, and it is prior to submission.

Review criteria

Submitted abstracts will be assessed by a selected group of peer reviewers and the ACPIC 2023 Scientific Committee. The Committee will review all abstracts according to the following criteria:

- Originality
- Clarity
- Methods
- Contribution to the profession

Only abstracts which follow the submission guidelines and are received before deadline will be taken into consideration by the Scientific Committee.

Awards

Prizes will be awarded in the following categories:

- Best Undergraduate Presentations (including Honours)
- Best Poster Presentation
- Best Overall Presentation (The winner of the best presentation will be invited to present at the EMS 999 conference in 2024)
- Best Three Minute Thesis (3MT)

More information

Questions prior to submission can be directed to research@paramedics.org.

Submissions close Friday 2 June 2023. Successful applicants notified Monday 3 July 2023.
