

Live symposium – Day 2

Reflection sheet

Session title: Unlocking the code – professional code of conduct

Date: 29 November 2022

Provider: Australasian College of Paramedicine

Type: Interactive CPD

Duration: 1 hour

Session description:

Through thematic analysis, this session explores the role that paramedics believe the code has in ethical and professional decision-making, the new responsibilities the code introduced as part of being a registered professional and how paramedics used the code to navigate these new responsibilities.

What did I learn from this session? Did I meet my learning goal(s)?

How has what I learnt improved my competence, kept me up to date and/or built on my knowledge?

Does what I learnt suggest that I could/should change my practice to improve patient outcomes? If not, why not? If so, how could/should I change my practice? What do I need to do to implement the change?

Do I need to do any further learning to ensure that I am competent and up to date? What other CPD opportunities/topics should I look out for?

Live symposium – Day 2

Reflection sheet

Session title: Informed and implied consent

Date: 29 November 2022

Provider: Australasian College of Paramedicine

Type: Interactive CPD

Duration: 1 hour

Session description:

This session aims to discuss the importance of informed consent and how to achieve this in the out of hospital environment. It will also discuss the complexities of implied consent, capacity and situations where consent is not available.

Live symposium – Day 2

Reflection sheet

Session title: Griefology (ROAR 2022 keynote presentation)

Date: 29 November 2022

Provider: Australasian College of Paramedicine

Type: Interactive CPD

Duration: 1 hour

Session description:

Intuitive researcher Rosemary Wanganen guides us through her journey and discovery of the principles of 'griefology'. She describes her understanding of aboriginal ancestral grief and major losses, which has ongoing effects to the contemporary aboriginal descendent. She provides an overview of 'griefology', which is an holistic approach to acknowledging grief and healing in order to reclaim aboriginal prosperity and reduce the impacts of intergenerational aboriginal disadvantage.
