

Please join us for the

Emergent and Urgent Presentations in Primary Care

A full day workshop & networking opportunity

Friday 9th February and Saturday 10th February 2024

Are you a clinician looking to upskill, gain micro-credentials*, build your capabilities and network with likeminded colleagues?

We are excited to offer you this CPD program for you to learn and build your skills in addition to gaining a micro-credentialling qualification in a full day workshop led by A/Prof. John Adie and run by urgent care experts.

Places are limited, so get in quickly to book your spot!
